

MEMORANDUM TO THE FEDERAL ELECTION COMMISSION

Please note that the television commercial reported to the FEC on May 10, 2010 and run as part of the NRCC's Independent Expenditure effort in the May 18th election in Pennsylvania's 12th Congressional District was scheduled to air for the first time on May 10, 2010. Due to a station error, WTAJ-TV 10 in Johnstown, Pennsylvania put the commercial into rotation on May 8, 2010 at 6:28 p.m. The station did not notify the NRCC nor any agent of the NRCC that the commercial was put into rotation on May 8, 2010, instead of May 10 as planned. The NRCC learned of the station's error on May 10, 2010, and filed the Independent Expenditure report immediately to disclose the previously unreported media production expense of \$ 8,882.58.

However, the airtime for this ad had previously been disclosed on the NRCC's Independent Expenditure filing of May 2, 2010.

Please do not hesitate to contact NRCC General Counsel Jessica Furst at (202) 479-7000 if you have any questions about this situation.
